

UNIVERSITY OF WASHINGTON
College of Engineering

Scholarship Application for Academic Year 2010-2011
(For Students Accepted into or Applying to an Engineering Department)

You are invited to apply for a scholarship from the College of Engineering. It is important that you read the following application carefully to ensure that your answers are complete. The application deadline is April 1. *Students are encouraged to complete this form via the web, print the form, and submit a typed scholarship application.* Instructions for submitting completed forms can be found on page 4 of this application.

In order to be eligible for a scholarship, students must be enrolled in a minimum of 12 credits per quarter during the academic year. A copy of your unofficial transcripts must be submitted with your application. Students entering the University from high school should submit their high school transcripts as well as any college-level transcripts showing courses completed while in high school (e.g. Running Start). Current UW students or students transferring from another college need only submit their college-level transcripts, from all institutions attended. Be certain to review the application checklist on page 4 before submitting your application.

TYPE OR PRINT ALL ENTRIES IN INK:

Name: _____ Male: Female: Date: _____

UW Student No: _____

Notification Address: _____

Telephone No: _____ Email Address: _____

Permanent Mailing Address: _____

Permanent Telephone No: _____ Message Telephone No: _____

Are you a Washington State Resident? Yes: No:

If no, in which state are you a resident? _____

Are you a US Citizen? Yes: No:

If no, which country?: _____

Engineering Co-op:

Are you currently enrolled in the Co-op program? Yes: No:
Do you plan to enroll in the Co-op program? Yes: No:

You must be enrolled as a full-time student attending classes on campus in order to be eligible for a scholarship. You are not eligible to receive a scholarship during a Co-op placement. However, you may apply for a scholarship even if you intend to apply for a Co-op assignment. It is your responsibility to notify your department that you are on a Co-op assignment.

Have you submitted a Free Application for Financial Student Aid (FAFSA) Application? Yes: No:

Many of the scholarships have a financial need requirement. To be considered for the most scholarship opportunities, it is recommended that you submit a FAFSA application to the Financial Aid office. You can pick-up a FAFSA application at the Financial Aid Office at 105 Schmitz Hall or visit: www.fafsa.ed.gov.

Name: _____ Anticipated Graduate Date: _____

Autumn 2010 UW Class Standing (check one): Freshman Sophomore Junior Senior

ADMISSION TO A MAJOR ENGINEERING DEPARTMENT

Have you been admitted to a department? Yes: No: If yes, to which department? _____

If no, when and to which department(s) will you apply? _____

Area(s) of specialization: _____

ACADEMIC PERFORMANCE

List schools attended, starting with high school (including the University of Washington):

| Name and City | Dates Attended | Graduation Date | Total Credits | Degree Earned | Cumulative GPA | Transcripts Attached |
|---------------|----------------|-----------------|---------------|---------------|----------------|----------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

AWARDS, HONORS & SCHOLASTIC ACHIEVEMENTS

List all previous awards, honors, scholastic achievements, etc.:

| Name of Award | School | Year |
|---------------|--------|------|
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |

EMPLOYMENT HISTORY

List employment history beginning with the most recent:

| Description of Duties | Job Title | Employer | Location | Dates Worked |
|-----------------------|-----------|----------|----------|--------------|
| | | | | |
| | | | | |
| | | | | |
| | | | | |

Are you willing to accept summer employment if the donor requests it? Yes: No:

PERSONAL STATEMENT

We are interested in why you selected engineering as your field of study and what your potential career interests are after graduation. A number of sponsors prefer students with career field interests akin to their own. Your comments may make you a strong candidate for a specific award.

Your personal statement should explain your interest in Engineering, your motivation to join one of our programs, and your goals for the future. If you have work or volunteering experience relating to your field (for example research or internship experience), please tell us about it. The statement is also a way to address how you could contribute to diversity within the College of Engineering. Factors that contribute to diversity include, but are not limited to: cultural awareness, activities, or accomplishments; educational background and goals; living experiences, such as growing up in a disadvantaged or unusual environment; special interests or talents; and being the first in your family to attend college. If you have overcome any significant obstacles (medical, financial, cultural, personal) to reach the point you are now at, it might be appropriate to discuss them in the statement.

While you are not limited to one page, it is important that your statement is well written. Be clear about what you want to say so that you do not ramble or repeat yourself. Say what is important to say, but be concise.

List all other scholarships for which you have applied or intend to apply this academic year:

Due to the limited amount of scholarship funds available, we are unable to award scholarships to all of our deserving students. Receiving a College of Engineering scholarship is contingent upon you being a full-time student in Engineering or you being enrolled in Pre-Engineering coursework as of autumn quarter and progressing satisfactorily in your class work. To be considered a full-time student you must maintain a minimum of 12 credits per quarter. Students with a senior class standing may be exempt from this requirement.

APPLICANT'S CERTIFICATION

I have read and checked this form for omissions and errors. To the best of my knowledge, the information is complete and correct. I understand that the inclusion by me of false information or the failure to report all information requested in this application could disqualify me for further student aid through the University's Scholarship, Loan, and Work-Study Programs, and may make me subject to University disciplinary action.

Signature of Applicant

Date

REMINDER:

Before you submit this application, make sure you have:

- Attached copies of all high school transcripts (incoming freshmen only) and all college transcripts (all applicants)
- Attached a statement of ideas and career goals on a separate page
- Signed the Applicant's Certification above
- Mailed in your FAFSA form, if applicable (some scholarships are awarded based on financial need demonstrated by the FAFSA)
- (Optional) Attached letters of reference

INSTRUCTIONS FOR SUBMITTING THIS SCHOLARSHIP APPLICATION

1. Students are encouraged to complete this form via the web, print the form, and submit a typed scholarship application.
2. Submit completed application to engineering department listed below by **April 1**.
3. Transcripts may be unofficial and need not be sealed.
4. Retain a copy of the application for your records.
5. If you are a pre-engineering student who will be applying for admittance to one or more engineering departments Autumn 2010, submit your scholarship application(s) directly to the department(s) you are applying to.
6. All incoming freshmen and pre-engineering students not applying to an engineering department Autumn 2010 should apply for the Engineering Advising & Diversity Center scholarships.
