AERB COVID-19 RETURN TO WORK PLAN

Management and Oversight

This plan is for AERB which houses Aeronautics & Astronautics, Mechanical Engineering and Industrial Systems Engineering.

This plan will be revisited as the UW, Seattle, King County, and the state enter into new phases. Updates will be sent to the department. However, because classes are, for the most part, online for autumn quarter 2020, it is highly likely this plan will remain in place through December 2020.

The University's general COVID-19 Safety Training is required for all University personnel.
