

SITE-SPECIFIC COVID-19 PREVENTION PLAN GUGGENHEIM HALL (NON-LAB SPACES)

University units are required to document their workplace COVID-19 prevention measures and review them with personnel. This template may be used for that purpose and used at a work-site level or department level as appropriate for the unit. If an alternative format is used (e.g., Return to In-Person Research Plan), it must include all six required elements for a plan and align with University policies and procedures (e.g., daily symptom attestation).
